

Extending Lance

Our range of extending lances allow you to pressure clean two and three storey buildings from the safety of the ground. There is no need for expensive & time consuming scaffolding or dangerous use of ladders. It is ideal for high sided vehicles and machinery.

- Three versions to choose from 3.6, 5.4 & 7.3 metre lengths (fully extended).
- Can be used with hot or cold pressure washer. Max 200 Bar - 90°C - 23 Lpm.
- Fitted with high pressure washgun
- 3.6 & 5.4 metre lances reduce to 2 metres & weigh 3.8 Kg. The 7.3 metre reduces to 2.6 metres & weighs 4.4 Kg.
- Manufactured in Fibreglass & Aluminium for durability & lightness.
- Removable end section with 22mm screw coupling
- Optional belt kit available
