

# Data Sheet

## CMR - Cement & Mortar Cleaner

### DESCRIPTION:

Malcleanse - CEMENT AND MORTAR CLEANER is an acidic liquid formulated specifically for removing cement and mortar stains from walls and floors.

### COLOUR :

Lime Coloured viscous liquid.

### PACK SIZE:

5 Litres

### SURFACE PREPARATION:

Areas to be cleaned should be wetted prior to application.

### APPLICATION:

- Thoroughly prewet the area.
- Apply Malcleanse - CEMENT AND MORTAR CLEANER with a bristle brush to the affected area.
- Allow to dwell for 15 minutes.
- Use neat or dilute with cold water.
- Do a test area starting with a weak mix.
- Always pour **cold** water into an empty bucket first, then carefully add CEMENT AND MORTAR CLEANER.
- **Never use hot water.**
- Use in rubber or polyethylene buckets only.
- Not suitable for cleaning polished or certain glazed surfaces.
- Always test each type of surface and stain before overall application to ensure suitability and desired results.
- Do not allow cleaner to dry into the masonry as this may leave residue and stain.
- Pressure wash off until complete rinsing has been achieved.
- Causes burns. Wear suitable PPE - plastic, rubber or PVC protective suit, goggles, boots and gloves to avoid splash to bare skin or eyes.

### STORAGE:

Store in closed containers. Avoid extremes of temperature.

Contains: Hydrochloric Acid

### SHELF LIFE:

12 months (in original sealed container).

The information contained on here & on other Data Sheets / MSDS Sheets is based on the present state of knowledge and current national legislation. It provides guidance on health, safety and environmental aspects of the products and should not be construed as any guarantee of technical performance or suitability for particular applications. The responsibility to ensure safe working conditions within the workplace remains with the user. The health hazard and general information contained within Material Safety Data Sheet are given as a guide to the precautions required maintaining a safe work environment.
