

Kitchen Descaler

Description

A concentrated food-safe acid based cleaner and descaler developed for use in kitchens and food processing areas. Ideal for descaling, kettles, boilers, dish and glass washing machines, bain-maries and other catering equipment. Works equally well in hard and soft water conditions. Safe to use on stainless steel and chrome surfaces.

Benefits

- FOOD SAFE FORMULA
- ODOURLESS AND NON TAINING
- EFFECTIVE ACTION ' QUICKLY DISSOLVES SCALE.
- SAFE TO USE ON STAINLESS STEEL.
- CONCENTRATED & ECONOMICAL TO USE

How to Use

Kettles: Fill with water and boil. Disconnect power supply. Pour in up to 1 cupful of descaler, depending on level of scale build-up. Leave to work. When fizzing stops process is finished. Empty out contents and rinse thoroughly with clean water. Bain Maries, boilers etc.: Warm water, disconnect power and pour in concentrate at the rate of 1 litre for every 15 - 20 litres of water. When scale is removed rinse thoroughly. Dish & Glass Washing machines : Disconnect dosing units. Fill with water and pour in concentrate at a rate of 1 litre to 20 litres of water. Switch machine on and run for 10 minutes. Drain off contents and fill with clean water. Run for 5 minutes.
