

# Data Sheet

## Malcleanse - Graffiti Remover Gel

Malcleanse - Graffiti Remover Gel for porous & non-porous surfaces - 5 Lt can

Contains dichloromethane and methyl alcohol

Malcleanse - Graffiti Removing Gel for porous & non-porous surface. A specially formulated blend of solvents and biodegradable detergents developed to remove graffiti from more porous or extensively vandalised surfaces where a longer 'dwell time' is required. 5 Lt can

### ADVANTAGES:

Will effectively remove aerosol graffiti, marker pen, crayon and lipstick from porous surfaces such as brickwork and concrete.

### USES:

Malcleanse - Graffiti Remover Gel can also be used on non-porous surfaces with a heavy build up of graffiti such as tiles and metalwork.

### PACK SIZE:

Supplied in 5 Litre can

### APPLICATION:

Apply Malcleanse - Graffiti Remover Gel liberally to the affected area using a bristle brush. Lightly scrub major contamination with a soft bristled brush or similar. Remove after 2-3 minutes; thoroughly wash down area with water. If further applications are required, dry the area before re-applying. Thoroughly washed down using jet washing equipment after.

To removal of stubborn graffiti shadows from brickwork stone and concrete after using Malcleanse - **Use Malcleanse - Graffiti Shadow Remover**

### STORAGE:

Store away from direct sunlight and sources of heat.  
Protect from frost.

### SHELF LIFE:

12 months (in original sealed container).

### Contains dichloromethane and methyl alcohol
