

High Quality Vehicle Wash

T.F.R.

Used by the professionals - Transport companies, haulage firms, garages, service station forecourts, bus and coach hire companies, taxi firms, Valeting companies etc etc.

A specially formulated vehicle wash which cleans without damaging vehicles. A medium duty alkaline cleaner containing a blend of detergents, wetting agents, foamers and sequestering agents for the removal of road film, grease, insects and dirt from cars, vans, buses and all commercial vehicles.

- Dissolves grime, traffic film, insects etc.
- Specially formulated to give maximum cleaning without damaging vehicles.
- Can be diluted up to 200:1
- Excellent foaming
- Quick foam-break ensures easy rinsing
- Leaves vehicles gleaming.

Instructions for use:

For best results pre-wet vehicle surface and apply through a high pressure washer. Apply a solution adjusting the flow to give desired foaming and cleaning. Clean all surfaces thoroughly and rinse off under high pressure.

Note: Do not allow product to dry on surface before rinsing. It is advisable to pre-test a small area if the vehicle has been repainted recently.

HEALTH & SAFETY: Refer to health and safety sheet.

The information contained on here & on other Data Sheets / MSDS Sheets is based on the present state of knowledge and current national legislation. It provides guidance on health, safety and environmental aspects of the products and should not be construed as any guarantee of technical performance or suitability for particular applications. The responsibility to ensure safe working conditions within the workplace remains with the user. The health hazard and general information contained within Material Safety Data Sheet are given as a guide to the precautions required maintaining a safe work environment.
